

## FLASH: Update on eviCore Hurricane Dorian Closings

September 4, 2019

eviCore's Melbourne and Bluffton offices will remain closed today due to the ongoing evacuation in South Carolina. Their remote sites will be open however.

While eviCore has experienced minimal disruption due to Hurricane Dorian, there still may be longer hold times. eviCore anticipates there will be more staff online tomorrow to help alleviate this issue.

Thank you for your patience and understanding as eviCore continues to monitor and work through this situation.

If you have questions, contact your provider relations specialist.
