

FLASH: July 1, 2021 Prior Authorization and Coding Updates

May 25, 2021

Health Alliance is committed to continuous improvement. As a result, a team of Medical Directors and coding experts review all medical policies on an annual basis in order to align with industry and clinical best practices. The attached list of codes will be incorporated into those existing policies and will require prior authorization starting 7/1/21.

If you have any questions, please contact your provider relations specialist.
